

Dear Mr. Toseland, We do not know you
& as far as I am aware you do not know us.

However the purpose of this letter is to record our admiration of the footbridge constructed over the 'Cupat burn' down at the flats, by the Hen Blackie in Dye.

We walk the path four or five times a week & this bridge, plus the removal of the dreaded steel pen on the bank, enhances the walk even more.

We will miss the challenge of crossing via the metal grid - at least the risk of broken ankles, falling in etc have

Now gone. Years back before the flats we crossed over by walking on the pipe - again plain stupid.

Thank you for the bridge, obviously intended primarily for anglers, good luck with the fishing.

I enclose a cheque for £25. as a gesture towards the cost.

Yours sincerely
