

By now ADAA members will have received the information for the AGM including the ADAA Questionnaire. As ADAA members will appreciate the questionnaire is their opportunity to have a say in the future development of their Association. With this in mind ADAA Members are urged to take a few moments to fill it in and return it to Somers Fishing Tackle when paying their annual fees. I have been asked to clarify the issue of when to just "tick" a question and when to use the 1-4 rating and would state as follows.

In order to maximise the information to be gleaned from the questionnaire the most benefit is by using the 1-4 rating where ever possible. Some questions can only be answered by using a "tick" others potentially are ambiguous so I will list the questions 1-19 with the expected type of reply

- 1 tick
- 2 number
- 3 number
- 4 number
- 5 number
- 6 tick
- 7 tick
- 8 tick

With regard to how to fill up one of the "number" questions, here is an arbitrary example using question 2

What do you fish most often for?

Wild Brown Trout 4 Rainbow trout 1 Finnock 3 Sea Trout 2 Salmon 2

Please note I've used "2" twice in this example as I only occasionally go salmon and sea trout fishing. I could not however, use "4" twice as I could only have one favourite. I hope this helps, if there are any other queries please use the Forum or send an email
