

ADAA Rules for 2022

1 ABERDEEN and DISTRICT ANGLING ASSOCIATION

Covid-19

Please adhere to the current advice and guidelines from the Scottish Government and National Angling Bodies.

General

- Members may only fish Association waters if they have in their possession their membership identity card, **photo proof of ID**, and valid season permit, which must be produced on request by any water bailiff, warden, authorised watcher or fellow member.
- Members must comply with any reasonable request from bailiffs, wardens or authorised watchers.
- Current rules should be carried.
- Any adult member of the Association may be accompanied by up to 2 children under 12 years of age who may fish within the rules without requiring a separate permit for the children concerned. On reaching 12 years of age if the child wishes to continue with the sport of angling they can immediately join the Association as a Junior Member on payment of the appropriate fee.
- Fly Fishing only between one hour after sunset and sunrise (times as advertised in Local Press) except at: River Dee, Garthdee, & Banchory Devenick, where no fishing at all is permitted before sunrise or 1 hour after sunset from 1 September onwards: and River Ythan where worming for sea trout is allowed after sunset June, July, and August.
- Hook gape must not exceed 1cm
- No more than one hook per lure (for example, for rapala 1 treble or 1 double or 1 single hook).
- Worming, where worming is allowed, barbless or de-barbed hook (s) only (pennel tackle permitted).
- All salmon and grilse, kelts, coloured fish, ripe fish, salmon parr, smolts, finnock, and any fish under 10 inches must be returned forthwith to the water with the least possible injury.
- Fish hooked behind the head must be returned to the water.
- It is hoped that members will fly fish when water conditions are low. Spinning by those members who are elderly or infirm excepted.
- Brown trout season 15th March- 6 October.
- Brown trout fishing by fly only (Juniors excepted).

1.1 Bag Limits (Fish killed)

- **It is emphasised bag limits are not targets & anglers should only retain fish they will use.**
- Members must return all brown trout over 14 inches.
- Members must return all sea trout after 30 September.

The annual bag limit for Sea Trout shall be an overall total of not more than 3 fish across all Association waters, no more than 1 from the Dee/Feugh, 1 from the Ythan, and 1 from the Don. It is however recommended that all are returned subject to evidence that stocks are replenishing.

- The annual bag limit for Brown Trout shall be an overall total of not more than 6 across all Association waters.
- The daily bag limit will be an overall total of 6 fish. This figure may include not more than 2 Sea Trout, 2 Brown Trout and 2 Rainbow Trout.
- A weekly limit of 4 fish also applies at the Loch of Loirston.

1.2 The following are not permitted

- Fixed rod or set line, boat fishing (except where permitted), ground bait, live or dead natural minnow, prawn, shrimp, maggot, sniggering, bubble floats (except at loch), shooting, gaffs, tailers, knotted nets, trailing/flying hooks (for example, Snake flies).
- Sunday fishing except where permitted for brown and rainbow trout. It is illegal in Scotland to fish for salmon and sea trout on a Sunday.

1.3 Closure of waters

- On competition days the beat on which a competition is being held will be closed from 00.01hrs until after the finishing time of the competition except to competitors during competition.

1.4 Etiquette/Behaviour

- Members with dogs must keep them under strict control and will be personally liable for any damage caused by their dog.
- Use only permitted parking places and access roads. Do not park on access roads. Park with consideration. Do not cross fields. Close gates behind you.
- When river fishing anglers must keep moving a full 3ft step per cast irrespective of method of fishing. This rule does not apply at the Machar Pool.
- Please be mindful of anglers on the opposite bank.
- **No angler casting upstream to interfere with anglers fishing downstream. Neither salmon nor trout anglers have precedence.**
- **Anglers must behave in a sportsman-like and gentlemanly manner at all times. Always act in a considerate manner to fellow anglers: -e.g. wading too deeply may affect others' fishing enjoyment.**
- **Anglers should only retain fish they will use.**

1.5 Litter

- No litter discarded line or tape to be left on the banks or surrounding areas. Please take your litter home.

1.6 Return of catches

Notification of catch information is obligatory on all members and should take place within 48 hours of all catches being made. It is important that all members adhere to the catch reporting rule. This must be done by the online catch return system via the ADAA website. It will be a disciplinary offence not to do so.

- You are required to enter the species, the river/beat you fished, the method you fished (that is, fly, worm, or spin) and the weight to the nearest pound (rounded up to the nearest number, for example, a 10 inch brown trout would be 1).
- There is no requirement to report kelts or any fish under the catch size limit.

1.7 Salmon Fishing Effort

- When fishing for salmon and grilse on Association waters, even just for an hour or so, you must record if you have not caught anything. The existing catch return system is to be used to do this. You are required to enter the species (enter Blanked, Salmon Wild) the river/beat you fished without success, the method you fished (that is, fly, worm, or spin) and the weight as 0 (zero).

1.8 Sale of fish

- It is illegal in Scotland to sell rod caught Salmon or Sea Trout. No fish caught on Association waters can be sold. Any member in breach of this rule will be expelled from membership.

1.9 Discipline

- Disciplinary action, which may result in expulsion, will be taken against any member breaching the rules.

1.10 General

- If predators are in evidence notify the Secretary.
- All complaints suggested improvements etc by members should be put in writing to the Secretary.
- Details of any additional fishings which may become available during the season will be notified on the ADAA Website www.adaa.org.uk
- The combination lock code for various locations is 1411.
- All non- native fish caught in Association rivers, for example, pink salmon, must be retained and eported asap to the relevant River Board, telephone number 01467 642121 (for all rivers).

1.11 Booking arrangements and conditions

- All bookings are online.
- Just click on the adaa shop link and navigate to booking from there:
<http://www.adaasales.co.uk/welcome.asp>
- You need to click on a date and you will see the rods available. Click on the rod and enter your email address, surname, and pin number (membership number as per your ID card) to book.
- The system requires your surname, pin number (membership number as per your ID card), and a valid email address as an email will automatically be sent with details of any booking made, i.e., this is your permit that must be produced upon request
- For any member who has not already advised us of their email address, if they advise a valid email address, the system will harvest that address for the Associations records and future reference.
- Booking conditions:
- Members must fish a pre-booked session before they may pre-book another session for the same beat.
- If you unable to fish a pre-booked session please go online to cancel the booking to give other members the opportunity to book the session.

- If you finish a session early please go online to cancel the booking to give other members the opportunity to book the remainder of the session.
- No sharing of the session. Only the member who booked it can fish it.

- Float tube anglers must supply and wear an approved life jacket.
- Any anglers using float tubes or kayaks do so at their own risk.
- Float tube and kayak anglers must keep themselves a minimum of 60 yards from any bank.
- Float tube and kayak anglers should be mindful of bank anglers when entering and leaving the water.
- No more than six float tube and kayak anglers allowed on the loch at any one time.

- No float tubes or kayaks allowed during competitions.

3.12 Millpond Trout Fishery

- Season - Rainbow Trout - all year
- No brown trout to be retained at any time.
- Pre- booking a session is necessary via the online booking system. Booking conditions as detailed in the general rules on-line and in the diary.
- Maximum of up to 10 anglers in any one session. The fishery is marked into 13 sections each 16 metres apart.
- The fishery will be marked off in numbered sections. Anglers can start fishing from any vacant marker but must rotate by 4 numbers in a clockwise direction every half hour, on the stroke of the hour or half hour. This is to give everyone an equal chance to fish different areas of the fishery (there are hot spots). Only one member per section unless fishing with a junior member who requires assistance.
- Anglers can fish up to the half way points of the adjoining sections but no conflict with adjacent anglers. The angler to your right has priority.
- Catch and Release only unless a separate permit is purchased allowing a fish to be kept at an additional charge. The permit can be purchased via the adaa online shop at www.adaa.org.uk.
- Any fish over 2lb must be returned (Some larger fish are stocked for sport only).
- If keeping a fish is allowed, only the first fish caught may be kept unless it is over 2lb when it should be returned. No selecting of the fish to be kept. (reason there will be a mix of sizes so no selecting the bigger fish)
- Catch and release is encouraged.
- Fly fishing only. No spinning rods.
- No worming or bait fishing at any time for all anglers.
- Barbless or de-barbed hooks only.
- Minimum breaking strain of 6lb to be used.
- No wading (for safety reasons).
- No litter or used fishing line to be left lying around.
- Handle fish with care and return them to the water as quickly as possible. Preferably keep fish in net in water until released. Wet hands before handling fish.
- There is a hut available with an adjoining kitchen and toilet facilities (you need to provide your own toilet paper). If using the kitchen facilities, please provide your own supplies.
- When entering or leaving the site please keep speed down to 15mph or less.
- Park with care in the designated area. There may be some congestion at changeover between sessions so take care.
- No dogs allowed.
- All catches must in accordance with ADAA rules be reported on the online booking system. This is necessary to enable a check on stock levels so they can be maintained to allow for any fish killed.
- All fish caught and released must also be reported.

4 Exchange Permits

Exchange permits (no charge) for Inverness Angling Club, Loch Achonachie Angling club, and Beaully Angling Club waters are available (details on ADAA website www.adaa.org.uk) via emailing
