### **Beat Summary**

Heughhead Fishing extends to 1 mile of left bank fishing on the River Feugh where fishing is separated into 2 beats, upper and lower and consists of 10 fishing pools.

These pools offer a challenge, requiring stealth and finesse when the river is low and clear.

The upper beat has five named pools: Rothwell's Run, Duke, Burn, The Willows and Grilse.

The lower beat has five named pools; Stepping Stones, Heughhead, Upper Scolty, Lower Scolty and Embankment.

The riverbanks are well maintained and provided easy access to the 10 pools.

These are rich water that serve as important spawning grounds for salmon and sea trout in the Dee system.
